

BEAUTIFUL STITCHES

Sharing the joy of creating with needle and thread

Dear Beautiful Stitches

The recent passion for adult colouring books got me thinking that stitching charts make a beautiful colouring in subject. You can use this sheet to help plan the colours for your stitched design or just for the sheer soothing pleasure of colouring a pretty geometric design. And when you are finished, take a photo and use the hashtag **#beautifulstitchescolouring** to post it to your favourite social media site. Hope you have lots of fun with it!

Warmest Regards from Ann-Marie
